

## PORODICA HODŽIĆ

Sadeta Hodžić je penzionisana, ima dva sina, jednu kćerku i četvero unučadi. Tokom ratnih dejstava porodica Hodžić je bila u izbjeglištvu u Zenici, a nakon toga i u okolini općine Vitez. Nakon rata Sadeta se vratila sa svojom porodicom u Vitez i trenutno živi sa jednim sinom koji je nezaposlen i dva unuka koji, također, ne ostvaruju bilo kakva novčana primanja. Kuća u kojoj oni privremeno žive je neuslovna za primjereno boravak, a naročito u zimskim uslovima, s obzirom na veoma lošu izolaciju. U sklopu Regionalnog stambenog programa porodici Hodžić je u potpunosti obnovljena kuća u kojoj su živjeli prije rata. Sadeta očekuje da, sa ostalim članovima svoje porodice sa kojima trenutno živi, useli u obnovljenu kuću u junu 2017. godine. Porodica Hodžić je dobila plastenik površine 100 m<sup>2</sup> od strane Catholic Relief Services, kao podršku za ekonomsku održivost ove porodice. Sadeta je izuzetno zadovoljna izvođačima radova, a za radnike kaže – “Oni su mi kao moja djeca”. Tokom posjete predstavnika donatora i drugih učesnika porodici Hodžić, Sadeta nije krila oduševljenje zbog konačno obnovljene kuće i iskazala je iskrenu zahvalnost donatorima i svim učesnicima RSPa u BiH koji su pomogli da se porodici Hodžić osiguraju adekvatni uslovi za dostojanstven život.

## HODZIC`S FAMILY

Sadeta Hodzic is retired and has two sons, one daughter and four grandchildren. During the war, the Hodzic family was in refugee camp in Zenica and later, in the vicinity of the Vitez Municipality. After the war, Sadeta together with her family came back to Vitez, where she lives now, together with her unemployed son and two grandchildren, who also does not generate any income. The house in which they live temporarily is uninhabitable for an appropriate stay, especially in winter conditions, due to the very poor isolation. Within the scope of Regional Housing Program Hodzic's house, in which they used to live before the war, was completely renewed. Sadeta expects to move in the renewed house in June 2017 with other members of her family with whom she is currently living. The Hodzic family received 100 m<sup>2</sup> greenhouse, donated by Catholic Relief Services as a support to the economic sustainability of this family. Sadeta is extremely pleased with the contractors, whereas for workers she says - "They are like my children". During the visit of donor representatives and other participants to the Hodzic family, Sadeta did not hide her excitement for finally restored house and she has expressed sincere gratitude to the donors and all the participants in the RHP in BiH who helped to ensure adequate conditions for a dignified life.
