<b>TOTAL (in these 13 countries):</b>	<b>1.234.414</b>

# Diaspora/Emigration

## **Organization:**

- A low number of diaspora members are active in diaspora organizations;
- Professional/academic organizations – good examples of networking of experts in diaspora.

## **Status:**

- Over 95% of emigrants from BiH solved their status through acquisition of their host countries' citizenship, as well as through receiving permanent or temporary residence permit in the host countries.

## **Citizenship:**

- At least 377.234 persons were granted host countries' citizenship;
- Between 1998 and July 2011: 53.511 BiH nationals renounced their BiH citizenship as a pre-condition to acquire other countries' citizenship (mostly of Austria and Germany).

# Diaspora's Human Capital

- BiH emigration is composed of the economically most active population, their average age is 30 (in USA), and 41 (in the EU);
- Well educated diaspora: around 35% of emigrants from BiH have tertiary education in the USA, around 25% in the Scandinavian countries, whereas the percentage of BiH emigrants with tertiary education is lowest in Slovenia, Germany, Austria and Switzerland (i.e. up to 5%);
- The World Bank estimates that the percentage of tertiary-educated emigrants from BiH amounts to 23,9%, with the percentage of emigration of physicians of 11,1%, which places BiH in the list of countries with highest skilled emigration rate in Europe and in the world.

# Diaspora's Financial Capital

- Remittances: diaspora sends between 2 and 2,5 billion KM to BiH annually, which is much more than the overall foreign direct investment and more than the overall official development assistance received by BiH;
- The percentage of remittances in BiH's GDP amounted to approximately 13% in 2010;
- Remittances are largely used for consumption, but 1/3 is invested in BiH;
- Only 22,5% of remittances were sent through formal channels (2009);
- BiH migrants' savings in host countries: several times larger than the remittances' inward flow.
